

## We double the bet!

We work the same as when we started **65 years** ago, building our furniture with the technical experience of the best master craftsmen and the same determination to make lasting and inheritable things.

**We were one of the first companies to offer a 5-year guarantee and now we double the commitment to quality so that this guarantee is 10 years.**

It is a magic number that symbolizes both excellence and trust in everything we do and our desire to be a little better every day. We are supported by our woodworkers, upholsterers, vendors, and the entire supply chain.

With this step forward we also guarantee our commitment to sustainability, confident about a timeless design for the long term.

## 10-year guarantee on our designs

- 1 We are backed by 65 years of experience.**  
We are a family company.
- 2 We work with our own raw materials.**  
And we work with the best suppliers.
